**Opportunity for public comments.**

*Members of the public were given an opportunity to ask questions or provide comments.*

Noting that the meeting of the Regional Body adjourned immediately prior to the Compact Council meeting, a motion was made by Mr. Injerd to incorporate comments and questions made by the public during the public comment portion of the Regional Body meeting into the Compact Council minutes.

The motion was approved without objection. Pursuant to the approved motion, the following public comments and questions are incorporated by reference into the Compact Council's record and re-printed in their entirety below:

- Sara Gosman, National Wildlife Federation: Ms. Gosman reiterated concerns previously made to the Regional Body and Compact Council regarding the level of funding for the support of both bodies. Specifically, compared to eastern Compact Commissions, she felt that there was not sufficient support for both entities to perform their jobs properly. In addition, Ms. Gosman noted that the resolution to be considered at today's meeting allows for the raising of additional funding for reviewing the diversions, but Ms. Gosman felt that such funding should be allocated in the budget to be considered today.

**Old Business**

**Consideration of Regional Body Fiscal Year 2012 (July 1, 2011-June 30, 2012) budget resolution.**

Mr. Injerd introduced Resolution #18 which would adopt the Compact Council Fiscal Year 2012 budget. Mr. Tierney moved that the resolution be adopted.

Mr. Trigger asked about the source of funding for the Compact Council budget under this resolution. In response, Mr. Naftzger, Executive Director of the Compact Council, noted that the source of income in support of this budget is in the form of a grant from the Great Lakes Protection Fund. Mr. Trigger also asked what would happen if the Compact Council went over budget in the future. In response, Mr. Naftzger stated that additional funding authorization would need to be approved by the Compact Council. Mr. Injerd also noted that there is an ongoing discussion regarding long-term funding plans for the Compact Council.

The motion was adopted unanimously pursuant to roll call vote.

***Other Business***

Mr. Trigger asked that contact information for the new Compact Council alternates be sent to the members of the Compact Council.

Mr. Injerd notified the participants on the call that there would be a staff level call on October 14, 2011 to discuss potential recommendations for the consideration of the Regional Body and Compact Council on a number of issues.

Mr. Injerd also reported that there were environmental DNA findings for Asian silver carp on the South and North Branches of the Chicago River, as well as Lake Calumet. However, despite the fact that the Illinois Department of Natural Resources and commercial fisherman had been intensively searching for silver carp, none had thus far been found in any of those areas.

***Adjournment***

A motion was made by Mr. Trigger to adjourn. The motion carried without objection. The next meeting of the Compact Council has been tentatively set for December 8, 2011.
